

Master of Engineering in Petroleum Engineering

Admission Requirements

The applicant must meet the School of Graduate Studies' current minimum general admission requirements as published in the graduate catalog.

1. Bachelor's degree in Engineering or Sciences.
2. An overall undergraduate GPA of at least 2.75 for the last two years. A lower GPA may be accepted on the basis of case by case for those with industry experience.
3. Satisfy the School of Graduate Studies' English Language Proficiency requirements as published in the graduate catalog.

Degree Requirements

1. A minimum of 30 semester credit hours.
2. A minimum of three semester credit hours of an approved design project.
3. At least one-half of the credits must be at or above the 500-level and the remaining credits can be from lower level courses which have been approved by school of graduate studies as graduate level courses.
4. A maximum of nine (9) semester credits may be transferred from another institution.
5. An overall GPA of 2.75 or better for all coursework.
6. Complete the approved design project.
