

## **Bachelor of Science in Atmospheric Sciences**

Requires 120 credits (36 of which must be number 300 or above) including:

- I. Essential Studies Requirements (see University ES listing)
- II. School of Aerospace Sciences Requirements (see College section)
- III. The Following Curriculum:

| Code   | Title   | Credits |
|--|---|---------|
| Essential Studies Courses  |   |         |
| ENGL 110   | College Composition I                             | 3       |
| ENGL 130   | Composition II: Writing for Public Audiences      | 3       |
| Oral Communication Elective  |   | 3       |
| Social Science Electives   |   | 9       |
| Fine Arts and Humanities Electives   |   | 9       |
| Extra-Departmental Requirements  |   |         |
| MATH 165   | Calculus I  | 4       |
| MATH 166   | Calculus II                                       | 4       |
| MATH 265   | Calculus III                                      | 4       |
| MATH 266   | Elementary Differential Equations                 | 3       |
| MATH 321   | Applied Statistical Methods                       | 3       |
| or ECON 210  | Introduction to Business and Economic Statistics  |         |
| CSCI 160   | Computer Science I                                | 4       |
| CHEM 121   | General Chemistry I                               | 3       |
| CHEM 121L  | General Chemistry I Laboratory                    | 1       |
| PHYS 251   | University Physics I                              | 4       |
| PHYS 252   | University Physics II                             | 4       |
| Atmospheric Sciences Core Courses  |   |         |
| ATSC 100   | Atmospheric Sciences Orientation                  | 1       |
| ATSC 110   | Meteorology I <sup>+</sup>                        | 3       |
| ATSC 110L  | Meteorology I Laboratory <sup>+</sup>             | 1       |
| ATSC 210   | Introduction to Synoptic Meteorology <sup>+</sup> | 4       |
| ATSC 240   | Meteorological Instrumentation +                  | 4       |
| ATSC 270   | Computer Concepts in Meteorology +                | 3       |
| ATSC 345   | Remote Sensing of the Atmosphere +                | 3       |
| ATSC 350   | Atmospheric Thermodynamics +                      | 3       |
| ATSC 353   | Physical Meteorology <sup>+</sup>                 | 3       |
| ATSC 360   | Dynamic Meteorology *                             | 4       |
| ATSC 391   | Research Methods in Atmospheric Sciences +        | 1       |
| ATSC 405   | Numerical Methods in Meteorology                  | 3       |
| ATSC 411   | Synoptic Meteorology                              | 4       |
| ATSC 460   | Mesoscale Dynamics                                | 4       |
| ATSC 492   | Senior Project I                                  | 1       |
| ATSC 493   | Senior Project II                                 | 2       |
| Career Electives "   |   |         |
| An approved list of courses from which students select to gain additional 12 |   |         |

interest
Plus electives to total 120 credits

knowledge and skills that would allow them to develop their chosen career

+ Grade of 'C' or higher required.

<sup>\*</sup> Career Electives are courses that students take to gain additional knowledge and skills that would allow them to develop their chosen career interest. A total of 12 credit hours are required from an approved list of Career Electives.

<sup>#</sup> A maximum combined limit of 6 credit hours of ATSC 397 Cooperative Education, and ATSC 497 Internship, may be used as Career Electives.
