Math/Science/ Technology

9 credit hours required.

Must be taken in a minimum of 2 departments and must include at least one 4-hour science course with a lab. Lab courses are designated with special emphasis Lab Science.

Some of these courses are also approved to meet one of the Special Emphasis requirements. If a course paired with a lab is taken without the lab it will meet any additional special emphasis indicated. For example, if GEOG 121 is taken without the lab, it will meet the Q special emphasis.
